

Help for isco8808

Version 0.1

Author

Ging Lam(林景), Ph.D., Major in Sociology, Sun Yat-sen University, PRC.

linj83@mail2.sysu.edu.cn

Grammar

isco8808 newvarname , isko(varname)

Description

This module is used to recode ISCO-88(International Classification of Occupations 1988) codes into ISCO-88(International Classification of Occupations 2008). The correspondence between two codes refers to ILO(International Labour Organization) materials online.

Note

isco8808 specifies the variable to be recoded. This must be a 4 digit integer containing ISCO-88 occupational codes.
