Help for isco2isei08

Version 0.1

Author

Ging Lam(林景), Ph.D., Major in Sociology, Sun Yat-sen University, PRC.

linj83@mail2.sysu.edu.cn

Grammar

isco2isei08 newvarname , isko(varname)

Description

This module is used to recode ISCO-08(International Classification of Occupations 2008) codes into ISEI-08(International Socio-Economic Index of Occupational Status 2008). The correspondence between two codes refers to Ganzeboom's materials online.

Note

isco2isei08 specifies the variable to be recoded. This must be a 3 digit or 4 digit integer containing ISCO-08 occupational codes.
